MEDIA RELEASE

Hotel Dieu Hospital discloses 2010 salaries

KINGSTON, ON (March 31, 2011) Hotel Dieu Hospital today released information on employees paid a salary of \$100,000 or more in 2010.

The Public Sector Disclosure Act requires organizations that receive public funding from the Ontario government to disclose the names, positions, salaries and taxable benefits of these employees annually.

At Hotel Dieu Hospital, 14 employees earned \$100,000 or more in 2010. To access information about these employees, please visit the Ministry of Finance website at www.fin.gov.on.ca.

“Hotel Dieu Hospital continues to enhance its efforts in quality, accountability and transparency,” says Board Chair Sherri McCullough.

She noted that, most recently, these efforts include developing a Quality Improvement Plan that will be posted publicly on the hospital’s website and eventually used for provincial benchmarking by the Ontario Health Quality Council; tying executive compensation to quality improvement and enhancing processes related to expense claims and use of consultants.

Hotel Dieu Hospital is the ambulatory care teaching and research hospital for Kingston and Southeastern Ontario, providing expert care to more than 500,000 people in the region. Our specialized services include outpatient pediatrics, ophthalmology, diabetes education, breast assessment, day surgery, urgent care and mental health programs. Affiliated with Queen’s University, we are partners within Kingston’s university hospitals, delivering quality health care, leading innovative research and training the health care professionals of tomorrow.

Leading the transformation of ambulatory care

L’Hôpital Hôtel-Dieu est l’établissement universitaire et de recherche en matière de soins ambulatoires pour Kingston et le Sud-Est de l’Ontario fournissant des soins spécialisés à plus de 500 000 personnes de la région. Parmi ses services spécialisés, mentionnons les services de pédiatrie en soins externes, d’ophtalmologie, d’éducation sur le diabète, de consultations relatives aux maladies du sein, de chirurgie de jour et de soins d’urgence, ainsi que des programmes de santé mentale. Affilié à la Queen’s University, l’Hôpital est partenaire des hôpitaux universitaires de Kingston, fournissant des services de soins de santé de qualité, menant des recherches novatrices et formant les professionnels de la santé de demain.

Chef de file pour la transformation des soins ambulatoires
