

Ensuring a successful visit at Hotel Dieu Hospital: Patient Visit Checklist

Please bring with you:

- Your appointment slip. It contains the appointment time and date, name and location of the clinic, and the name of your physician or other health care provider
- Your Health (OHIP) card
- All medications in their original drugstore container, insulin, inhalers, prescribed creams, eye drops and non-prescription medications such as herbals and vitamins OR a printout of all medications contained in blister packs
- A family member or friend for comfort or personal assistance; if you wish, this person may attend your visit with you
- A snack in case your visit is prolonged.

Before you arrive:

- Carefully read any information you receive from Hotel Dieu Hospital; it will help you to prepare for your upcoming appointment.
- If you (or your escort) don't feel well or have recently been exposed to an infectious disease such as flu, consider re-booking your appointment OR ask for a face mask at the Information Desk.
- Plan for possible delays since patients being seen ahead of you may need more time than expected with the medical team.
- If you are being dropped off/picked up, establish a time and location to meet your driver. Tell your driver where you are going in the hospital in case he needs to find you or exchange cell phone numbers so you can stay in touch.

Hotel Dieu Hospital telephone numbers

Local: 613-544-3310 (Switchboard)
